The screenshot shows a window titled '*** FILE SENDING' with standard window controls. The menu bar includes FILE (F), EDIT (E), VIEW (V), FAVORITE (A), TOOL (T), and HELP (H). The address bar shows 'http://***.***.***.***/data01.html' with a 'MOVE' button. The main area is divided into two panes. The left pane, labeled 84, displays a preview of a document with multiple lines of asterisks. The right pane, labeled 81, contains the following information: FILE NAME: ****, PAGE NUMBER: 10 PAGES, DATE OF SCAN: 01/15/01 13:15, and a section titled 'SENDING PARAMETERS'. This section includes three input fields: 'Resolution' with the value '200', 'Color' with the value 'MONOCHROME', and 'File format' with the value 'PDF'. Below these are three more input fields: 'E-mail' with the value '***@***.co.jp' (labeled 82), 'InternetFax', and 'FAX'. A small box labeled 83 is located below the 'FAX' field. At the bottom of the window, a status bar contains the text 'A page has been shown.' and a progress indicator.
